A SHIMMERING FOUNDATION

Welcome to the world of Crystal Coffin Tarot, where wonders and mysteries await!

On your journey of self-reflection, you will travel through a whimsical landscape where you'll encounter charming and spooky characters along the way. They encourage you to harness the power and the clarity of crystals, while remaining

grounded to the earth, signified by the coffin.

In various colors and forms, a cute little skull acts as a guide on each card, leading you toward the answers you seek. The style of the deck is positive and upbeat, providing humor and comfort even when the cards reveal something unfavorable. This lighthearted tone serves as a reminder that things aren't often as grim as they may seem. There are always opportunities for knowledge and growth, and laughing through it is always optional!

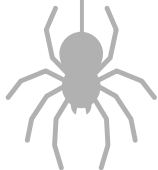

This guidebook is here to help you along the way. Each card has an Upright and Reversed meaning written in poetic couplet form. This approach not only assists in memorizing the meaning of each, but also creates

space for intuitive interpretation.

To establish a deeper connection to this deck, it is advised to sleep with it under your pillow for seven days and/or place it near a window to absorb the light of a full moon. Of course, you can also surround the deck with your own crystals to charge it as well. Clear quartz, citrine, rose quartz, amethyst or various forms of aura quartz are recommended, but feel free to use what stones work best for you.

Thank you for entrusting Crystal Coffin Tarot on your voyage! I hope you enjoy the deck as much as I enjoyed creating it for you.

Bright Blessings,
Heather Lynn
