Welcome to
THE STAR STRING TAROT

By simply existing, we share the common thread of **anatomy, nature, and the cosmos**. When we **tie these themes to our human** experience, we can find new meaning in life. Like the stars that string together in the sky to offer navigational guidance, I hope this deck helps you navigate through your own life experiences.

You can use this deck however you wish. The cards can be read upright, or in reverse to take on opposite or diminished meaning. The

meanings of the cards are listed here, but feel free to use your own interpretations. Enjoy the journey.

A simple yet impactful three-card spread might look like this:

1. Shadow – What is in the dark?

Doubts, fears or lessons to acknowledge

2. Light – What truth guides me forward?

Your inner light and gifts that are ready to emerge

3. Integration – The next step to take to bring balance, interweaving lessons from shadow and light
