

1. FOREVER FREE

ASSERT YOUR INDEPENDENCE.
FREE YOURSELF FROM AN
OPPRESSIVE RELATIONSHIP OR
LIFE CONDITION. YOU HAVE
MORE AUTHORITY THAN YOU ARE
PRESENTLY WIELDING.

To take back your power, it will help to see every relationship in your life as a choice you are making. If you stay, it's because you are choosing to stay. You are the one perpetuating your commitments, contracts, and unspoken agreements. Even if you are not choosing how you are treated, you are choosing who you spend time with, how you respond to them, and the responsibilities you adopt and fulfill.

If it seems like others are making these choices for you,

now is the time to reclaim the authority that is intrinsically yours.

This may be a message about leaving or significantly altering a relationship, living situation, or job, or it may simply be a reminder that all choices in your life are yours to make. Take back your power and your freedom. You are beholden to no one. You are no one's plaything or pet.

Right now, inwardly or aloud, say to yourself decisively: "I call the shots. I set my boundaries. And I enforce them." Repeat it until you believe it all the way down to your bones. This is an inner shift that you can make this very moment. No fanfare or grand announcements required.

The image on the card is a mirror of the character of your own soul, which is forever wild, powerful, and free. Relax your body, clear your mind, gaze at the image, and feel your true nature reawaken within.

Now that you remember yourself as the independent warrior you are, how has your perspective shifted? What do you want? What do you reject? What conditions suit you, and what will you no longer tolerate? From this place of incorruptible, indestructible, absolute inner authority, how will you proceed?

Storms rage. Lightning flashes. Giant ocean waves crash against the shore. In just the same way, your autonomy is a stunning natural force that should not and cannot be contained.

Your path forward is a path that only you can recognize or detect. Your freedom will serve as an instinctual inner compass that will show you the way.

2. THE ALCHEMY OF PASSION

CHANNEL YOUR EMOTION INTO
ACTION. HUNT DOWN THE FIRE
WITHIN YOU AND STOKE IT.
UNCOVER HIDDEN FEELINGS AND
LET THEM FLOW.

Transform your empathy and
compassion into power.

When your impulse to create
positive change is ignored or
denied, it festers. Honor your
feelings by channeling them into
constructive action or activism.

When you feel your feelings
related to suffering and injustice,
your righteous indignation will
become a radiant, cleansing fire —
this is the divine flame that fuels
the hearts of the baobhan sith. It

is a fire that stokes the flames of our beauty and resilience, and
it will do the same for you.

Your passion to help bring about greater justice, fairness,
and equality may be obvious and easily accessible, or you could
be hiding it somewhere — concealing it with logic, humor,
busyness, self-criticism, or a desire to be “good” or “nice.”

If you have been mistreated in the past, or if you are being
mistreated now, are you making excuses for the person or
group who has instigated this mistreatment? Are you saying
to yourself, “They don’t realize,” or “They don’t mean it,” or
“They couldn’t help it because they were hurt too”? Or are you
telling yourself that you don’t really care about it anymore, or
you’re over it, or you never cared about it in the first place?

End this nonsense. Simper, deny, and hide no more.
Acknowledge, feel, and express your feelings so that you may
truly let them go.

There is hidden power here. Find the feelings, and feel
them, and you will free up the power. Think of it like old rotting
wood that you are lighting up with cleansing, sparkling fire
and light.

You can illuminate your true feelings by breathing deeply
and consciously. Feel the breath moving energy around your
body, opening up the hidden and stuck places in your energy
field where your emotion may be furtively lodged.

Once you locate the fiery fuel for change, feel it. Breathe
into it. Encourage the fire and let it burn. Cry if you need to,
or dance, or go for a run. Let the feelings move through your
body like flames. Activate the energy and let it flow. Know
what you desire to change, and just how you want to change
it. Then, decisively and without apology, proceed.

3. HEIRESS

OPEN TO YOUR DIVINE INHERITANCE. YOU ARE ENTITLED TO RECEIVE MORE WEALTH THAN YOU HAVE PREVIOUSLY EXPECTED. ALLOW YOUR RICHES TO FLOW IN.

You are the heir to a vast and endless fortune: born to be elegant, lucky, and rich.

In the past, you may have believed that before you can experience the abundance you desire, you must get multiple degrees, build up your resume, heal all your old issues, and change all your limiting beliefs. But what if there are no prerequisites to your prosperity? What if your riches are here for you now, already, and are just waiting for you to recognize them, demand them, and gather them to you?

Money is energy, and while it may correlate to behaviors and conditions in the physical world,

in truth, it transcends and precedes them. In other words, to claim your inheritance, you don't have to start with any external quality or condition. You can work your magic. You can start with expecting and believing, and watch avenues of abundance open and generous windfalls appear.

Do your best to let go of tension in your body and mind. Then, simply be willing to own the role that has been yours since the beginning — daughter of the wild night, beloved by the vampire fae, undisputed heiress to unlimited stockpiles of wealth.

To open to your true nature as heiress, look for the luxury that's present in your life, and celebrate all the many blessings you already have. Luxury begets luxury. By reveling in the wealth that's already yours, you will free up even more of your fortune. The more often you do this, the more momentum you will activate, and the more riches will come flowing and tumbling in.

You do not need to do anything special to deserve the wealth that is yours by divine right. It is intrinsic to you. Like your fingerprints or the color of your eyes, it is a natural aspect of who you are. You are entitled to vast riches, and we the vampire fae want you to know it in every fiber of your being. Relax, breathe, believe, and receive.

CLAIM YOUR
BIRTHRIGHT.

4. DESTINY ACKNOWLEDGED

EMBRACE YOUR DIVINELY
APPOINTED ROLE. ACKNOWLEDGE
WHAT YOU KNOW YOU MUST DO.
SURRENDER ALL OLD STORIES
ABOUT YOUR INSIGNIFICANCE AND
STEP INTO YOUR PREDESTINED
ROLE AS HEALER, WARRIOR, AND
QUEEN.

Your sacred role may take the form of a job, calling, or career path. But it begins on the internal plane. Though it is intensely significant, it may or may not be obvious to the world. All your interactions, actions, and communications can be channeled for its use.

You have unique spiritual talents and abilities that allow you to fight for what is beautiful, just, and true. In short, you are a warrior priestess. You have

elected to be born into this life to act as an agent of feminine power.

The actions you take in response to acknowledging your destiny may take many forms. But if you relax, look within, and consult your inner guidance system, you will know how to proceed.

You may be guided to master a particular form of therapy, such as psychology, herbal healing, or conventional Western medicine. You might feel drawn to learn about and practice an occult or intuitive art, such as tarot, astrology, or feng shui. But you may also desire to channel your sacred work into your everyday interactions with friends, acquaintances, and loved ones. You may even express your role through a seemingly unrelated career, such as fashion, law, or real estate. Truly, anything can be a vehicle for your feminist mission. The form your work takes is less important than the intention you bring to it.

You are already aware of this destiny. For some time now, it has been asking for your acknowledgment through nudges and intuitive hits. Disregard and downplay these messages no longer. Embrace and embody your destiny without any further delay.

IGNORE YOUR
DESTINY NO
LONGER.
